The Conair top 10 reasons to pamper your mom this year.

- 1 To make up for all those times you ran over the back of her heel with the shopping cart.
- 2 Because she said she loved the Chia Pet you gave her for Christmas that year.
- 3 Because she dropped you off a block away from school so you would look cool.
- 4 Because she was the First National Bank of Mom.
- 5 Because she still has more patience than the Dali Lama.
- 6 Two words: Mom's Taxi.
- 7 Because she always brought you ginger ale when you were sick.
- 8 Because she was your best customer for every school fundraiser.
- 9 Because she still always has a tissue handy.
- 10 Because she said so!

The Conair top four ways to do it!

She deserves to go to the luxurious LaCosta Spa, but if that costs too much, try these refreshing alternatives from Conair!

- 1 The Ultra Massaging Foot Spa will revive her tired feet with bubbles, heat, soothing vibration and water jet action.
- 2 The Dual Bath Jet Spa turns her tub into a home spa, with two independent, adjustable output nozzles and bubbling massage action.
- 3 The Bath Mat Massager offers her a cushion of pure pleasure that runs the length of the tub. Muscles get caressed with soothing, pulsating bubbles that relax and revitalize.
- 4 The ultimate indulgence for mom's hands is our Paraffin and Manicure Spa. Warm, all-natural paraffin gently soothes and softens hands, while a built-in dryer provides the perfect finish for nails.
